In G.O no: ^x 1527-30 of 13.8.08 the payment of ^{Sanction was accorded to}
_{med 42-08-2} charges for publication in certain papers of advertise-
ments inviting applications for filling up vacancies,
among the gazetted officers in the medical dep^t
the Senior Surgeon was requested to ^{forward} ~~submit~~, while

Submitting to Govt his proposals for filling up the vacancies in the medical dept, a list showing the names of applicants applying in pursuance of the advertisements and their qualifications. From the list accordingly submitted by the Senior Surgeon, it will be seen that there were in all 49 applicants of whom only 3 out of the 4 men selected for appointment are reported to have accepted the posts offered to them. Of the three men referred to, the Senior Surgeon selects only one (Mr C. K. Joseph, no 19 in the list) ~~and~~ together with two (the messrs J. Balakrishna Mudali & B. Nanjappa) of the 4 stipended students for the post of Asst Surgens, permanent.

2. Asst Surgens:-

The sanctioned scale of Asst Surgens is 17 according to para 4 of G.O no 3868-9 of 23.9.97 ^{no 736} and not 15 as shown in the ~~list~~ statement reced with the Senior Surgeon's letter. There are now 13 men on the effective list. There are thus 4 vacancies in the grade of Assistant Surgens but the Senior Surgeon recommends the promotion of messrs S. K. Kannanathan Rao and J. S. Siddappa

~~and I send it up~~ ^{the} two Senior Sub
Asst Surgeons, 1st Class, to the grade
of Asst Surgeons, 4th Class. As to Mr.
Hannumantha Rao, it is dirtd that his
promotion to the grade of Asst Surgeons
is only restoration to his former grade
from which he was degraded (Please
See G.O no: $\frac{888}{2253-93}$ of 15.7.1879) and also
G.O no: $\frac{1068}{2253-93}$ of 17.8.03.)

(b) The Senior Surgeon also recommended the
Conformⁿ as Asst Surgeon, 4th class
of Mr. A. Seshagiri Rao, with effect from
23.4.08, the date of Govt^x notⁿ promising
him temporarily to that grade.

If the above proposals are sanctd, there will still be two more vacancies in the grade of Asst Surgeons, if the no: of officers of this grade is to be brought up to the scale

(17) Sancto in f. o g 23.9.1897.

3. Lib Asch / Emgeus.

The scale of officers in this grade as sanctioned in para 6 of G.O. 23.9.1897 is 12 + not 12 + 2 as shown in the statement.

3. do do of Mr S. S. Siddappa (recommended)
4. do ——— by transfer of Mr A. Kodandarami Rao to P. W. D.
5. do ——— resignation of Mr B. Madhavan Nair

Chance has now come for all the 5 Temporary Lib Asst Surgeons now in employ being made permanent, ^{if app'd by govt} and two temporary ~~Lib Asst Surgeons~~ But the Senior Surgeon recommends the Confirmation^m of only two of the 5 temporary Lib Asst Surgeons, viz messrs Fernandes (his case is in consideration in the linked file med 22-08) & S. Narani Rao & the introduction of 3 new men on the permanent list.

- 5 For the places of two ~~temporary Lib Asst Surgeons~~ ^{medical officers} employed in P. W. that it is only 15? If 17 is the correct number, what further proposals, if any, he would make for filling up the other vacancies:

2. As regards the appointments of Sub-Asst Surgeons, the result of the proposal to take in four new hands, three permanently and one temporarily, would be to throw out two of those already employed temporarily viz (1) Mr. N. S. Rangundiah and (2) Mr. K. Kuvuvilla. The former was entertained on 11-8-06 and the latter on 25-5-08. Whether the Senior Surgeon considers that the new men one of whom Mr. C. K. Joseph is not even a stipendiary student should be preferred to those two who have already put in some years of service and one of whom according to the Senior Surgeon's letter itself has been well spoken of by the officer under whom he has worked?

3. Whether in making the

present recommendations, The Senior Surgeon has taken into consideration the case of Miss Canagasaby to whom the post of a Sub Asst Surgeon was once offered ~~but~~ but who could not be entertained on account of the vacancy having been filled up otherwise?

4. Whether Mr. Balakrishna Mudaliar recommended for a permanent appointment has completed the M.B. course and is competent to go up for the M.B. Examination and if he has not done so, whether the Senior Surgeon would still recommend him to be permanently employed?

Dear Col Smyth

I have some difficulty in dealing with your proposals for filling up the vacancies in the gazetted ranks of the medical dept. Please see your letter no 9 185 of the 5th District.

It is alright as regards Asst Surgeons - But regarding ~~such~~ sub Asst Surgeons you apparently wish to dispense with the services of Nanjundiah and Kuvivilla in favor of new candidates. When these men were taken on temporary establishment it was intended to absorb them into the permanent establishments in the usual course unless they proved unsatisfactory

I should like to have a talk
with you at any one of these
times - When are you coming?

I have received your D.O
regarding Binny's coffee works

Yours sincerely

my dear Mr Pittam. - I beg
 to inform you of the
re appointment of Sub
 assistant Surgeons. The
 Orders of Government are that
 permanent appointments
 shall only be filled in
 after advertising the vacancies.
 If by chance we have any
 temporary men at the time
 their names are put along
 with those received as the usual

of our government and select
the best of the lot for ^{our}
permanent requirements. When
we are faced temporarily we
be don't advertise because we
could get no applicants; so
we have to take what we can
get and be thankful. But
if we would never do to saddle ourselves
with such scratch material
primarily the ~~best~~ men
have selected are far the
best men in the profession

as they are men who have
a high capability of work

at the College - no
pass men - or men who
had to make two or three
before they passed even
B.S.

the office did not keep
books of the books of Gov.
in matters, or he would
not give these ^{temporary} ~~men~~
any guarantee of employment,
permanent openings occurred
to some time I cannot
that he gave them any

that is they are men who gave
proof of capability of work
while at the College - no
mere pass men - or men
who had to make two or three
shots before they passed even
the Law.

I fear the office did not keep
any book or record of
information of the Board of Ex.
in these matters, or he would
not have given these ^{temporary} ~~men~~
men any guarantee of employment,
when permanent openings occurred.
At the same time I cannot
find that he gave them any

guarantee in black & white
He may have, good naturedly
said "will see it" - but I thank
that, kindly as we
think to be in London about

certain outstanding as

in G.O dated 13th. August last. If there was no intention of selecting from the applications which would come in response to the advertisements, and if existing temporary men were to be preferred as is now proposed, the advertisements need not have issued at all.

3. I do not think that we can afford to go back on the principles of selection contemplated in the two G.Os above cited. In the G.O^x of 16th. November 06 the words occur "preference being given to the claims of those educated at the expense of the State." Here, the "preference" meant is not absolute preference but preference when other qualifications are equal. Otherwise, we shall be preferring men who just scrape through examinations without any noteworthy career at College and oftentimes only after repeated attempts though better men are available -

4. This being so, it seems to me that the first set of the Senior Surgeon's proposals contained in his letter No. 185 dated 7th. September 08 may well be accepted. They seem to have been framed with a due regard to the requirements of the Department and to the claims of rival candidates. For the 7 places among Sub Assistant Surgeons, recommendations were there made by selections as follows;-

7. 1 from applicants in response to advertisement.
2, from State Stipendiaries (subject to their taking the M.B Degree within a year.)
2 from existing temporary men to be confirmed.
2 from existing temporary men to be continued.

All

Serial
No.

All these men are well qualified and well spoken of.

5. This indeed would imply (as pointed out in Secretary's letter No. 3972 dated 30th. October 08) that two of the existing temporary men are to be dispensed with. If this be inevitable, it cannot be helped. But, in view of the seasonal conditions and of the probable demand that will soon arise for medical services, it seems to me that these two men may be kept on say for another year. By the end of this period, the Senior Surgeon will have had sufficient opportunity to judge of them with precision. One of them (Mr. Nanjundayya) without a brilliant College career has served under and been satisfactorily reported on only by one District Medical Officer. The other gentleman (Mr. Kuruvella) has been less than six months in the service and is "learning work". (vide encl^x in Senior Surgeon's C 12 dated 17th September 08)

6. There is no dispute about the promotions required to fill up vacancies in the Assistant Surgeon's grade. They are as follows and may be sanctioned.

	From	To
Mr. A. Seshagiri Row.	Acting 4th class Asstt Surgeon.	Asstt Surge 4th. class.
Mr. S.K. Hanumantha Row	Sub Asstt Surgeons 1st. class	Asstt Surgeons 4th. class.

recommended, and Mr. N. Lakshmana Iyer (No. 13 in the list) whom also the Senior Surgeon has approved and selected though not preferred, I would suggest that Mr. N. Lakshmana Iyer should be preferred because of his "certificate of honor in mental disease" and of the paucity (or absence) of such specialists in the service to take charge of the Lunatic Asylum when occasion may arise.

23 *Submitted to His Highness.*

The accompanying papers refer to the proposals received from the Senior Surgeon for filling up the existing vacancies in the gazetted ranks of the Medical Department.

The proposals as regards Assistant Surgeons are as follows:-

- (1) Mr. A. Seshagiri Rao, Acting Assistant Surgeon 4th class to be confirmed as Assistant Surgeon, 4th class.
- (2) Mr. S.K. Hanumantha Rao and Mr. T.S. Siddappa, Sub-Assistant Surgeons, 1st class to be promoted to Assistant Surgeons, 4th class.

These proposals are approved by both the Councillors and may be sanctioned.

In the grade of Sub-Assistant Surgeons there are five permanent and two temporary vacancies. Against these there are at present five temporary men entertained from time to time. The proposals originally received from the Senior Surgeon involved the confirmation of only two of the five temporary men and the appointment of new men to the remaining three permanent places. For the 2 temporary vacancies, the Senior Surgeon recommended the continuance of one of the present temporary men and the appointment of a new man for the remaining place. Under these proposals two of the present temporary men would be thrown out.

HeH

9

24 It was pointed out to the Senior Surgeon in the Secretary's letter dated 30th October 1908 that the men taken on-from time to time as temporary Sub Assistant Surgeons and who were already in service should, unless they are found to be incompetent and not fit to be confirmed, in the usual course, be confirmed and absorbed in the permanent strength, and that fresh candidates could reasonably expect to secure permanent places only after the present temporary men were confirmed or declared incompetent. He was also informed that if necessary he could take further time to see the work of the temporary men proposed to be superseded or dispensed with, before taking new men on to the permanent strength.

Paper under ...

25 In his reply the Senior Surgeon accordingly proposes the following appointments:-

For the 5 permanent vacancies -

1. Mr.M.S. Nanjundayya L.M. & S.
2. Mr.F. Fernandes L.R.C.P. & S.
3. Mr.S. Narayana Rao B.A., M.B. & C.M.
4. Mr.B. Krishnamurti Rao L.M. & S.
5. Mr.K. Kuruvilla L.M. & S.

(All these are now holding temporary appointments.)

For the 2 temporary vacancies -

1. Mr. T.Balakrishna Mudaliar L.M. & S.
2. Mr. B.Nanjappa L.M. & S.

26

At the same time he says that if men holding temporary appointments are to be confirmed, if not found incompetent, we may not be getting the best men, since for temporary appointments "we can never get a sufficient number of candidates to make anything like 'selection' possible", and that the men originally recommended by him were selected according to the principles laid down in Government orders dated 16th

x+p'

November 1906 and 17th July 1907.

27 The First Councillor is of opinion that if preference is to be given to temporary men already in the service we should be going back on the previous orders of Government, and that the Senior Surgeon's original proposals (with one modification proposed by the First Councillor) should be accepted.

x To appoint Mr. N. Lakshmana Iyer to one of the permanent places instead of Mr. C. K. Joseph recommended by the Senior Surgeon.

9

28 The Second Councillor is of opinion that the Senior Surgeon's revised proposals may be sanctioned. As to the question whether temporary men already in the service should have preference over new applicants, the Second Councillor's views are embodied in the Secretary's letter of the 30th October 1906 referred to above. I agree with him in thinking that it would not be fair to supersede them by new men or dispense with them in favour of new men unless they are found unfit. As they were not informed when they accepted service that they were liable to be thrown out, they must have believed, and quite naturally, that they would be confirmed in the usual course on the occurrence of permanent vacancies and it would be undesirable to now cast them adrift. The Senior Surgeon has nothing to say against any of the present temporary men, and I agree with the Second Councillor in recommending that the Senior Surgeon's later proposals (to confirm all the present temporary men and to appoint two new men for the two temporary places) may be sanctioned.

29 I quite agree with Col. Smyth that we should try to secure the best men available for the Medical Department and the previous orders of Government referred to by the Senior Surgeon and the First Councillor are intended to secure this object, but the intention was that even in filling up temporary vacancies

the best men should be secured, as these would in the usual course have to be appointed to the permanent places. The orders referred to are the following:-

1. Government Order No. 4001-2 dated 16th November 1906. On the recommendation of the Senior Surgeon to appoint Mr. F. Naronha as a temporary Sub Assistant Surgeon, in submitting the recommendation for His Highness' sanction it was proposed, on the First Councilor's suggestion, that with a view to secure the best available talent for the Medical Department, future vacancies should be advertised for and the best men chosen, preference being given to those educated at the expense of the State.

2. In an order dated 17th July 1907, the Senior Surgeon was informed that when local men are trained for the profession at the expense of the State, preference should be given to them and that the proposal to hold a competitive examination did not commend itself to Government.

30 It will be noted that the order of 16th November 1906 was passed in connection with the question of filling up a temporary vacancy. The intention was that the best available men should be selected even for temporary vacancies and not that men taken on in temporary vacancies should be liable to be thrown out.

31 This is the practice also in the P.W. Department where young graduates are almost invariably taken on in the temporary establishment and if found fit are drafted to the permanent establishment as vacancies arise.

32 In order to prevent future misunderstanding, I would, if approved, inform the Senior Surgeon that

all future vacancies, whether permanent or temporary, should be advertised for and the best men chosen, due regard being had to the claims of natives of Mysore and especially of men who have been educated at the expense of the State.

From H. M. Madhava Rao

With reference to this file, His Highness desires me to say that he will be glad to have a statement regarding the men concerned i.e. including those first recommender ~~xxx~~ by the Senior Surgeon, the temporary men and the stipended students who have applied - v. para 3. of Senior Surgeons letter of 5-9-08, showing age, qualifications, whether Mysoreans, whether stipended students & in the case of temporary men, period of temporary employment.

Further His Highness would be glad to know what the reply is to the Senior Surgeon's statement in his letter of 7-11-8 to the effect that "temporary hands are never 'selected'. The nature of things prevents "selection"." He also wishes to know whether any specific promise was ever held out to men appointed to temporary appointments, that would lead them to believe that appointments are other than temporary.

What has been the practice in the past and has it
been the invariable custom to confirm temporary men
when not found incompetent?

Yours sincerely,

The statement called for in His Highness' Private Secy's L.O. of 14.1.09 addressed to the Dewan has been prepared & appended to these notes. Of the ^{new} men referred to in the Senior Surgeon's letters, the nativity of Mr C. K. Joseph is not known & he was not a stipended student of the State. The statement of the Senior Surgeon that "temporary hands are never selected" & that "the nature of things prevents selection" is opposed to the spirit of orders conveyed to him in the marginally noted Govt orders according to which vacancies in the medical Dept. ~~even~~ (including temporary ones) should be advertised for & the best men chosen, preference being given to the claims of those educated at the expense of the State.

Lib Asst Surgeons got ascertained by enquiry of the Senior Surgeon, that none with better qualifications than they, were available for the now existing temporary vacancies. Please see Senior Surgeon's letters nos 67 & 362 of 19th July '07. 214th Decr '07. (File no 7-06) It appears to be but a ~~question~~ ^{med} of fair ~~ness~~ that men, who were entertained temporarily & who have put in service in the state for a length of time, should be eventually confirmed as chances occur, unless found incompetent for the ~~posts~~ ^{honour} held by them; no express promise of eventual confirmation appears to have been given to the temporary men. In regard to the Private Secy's query as to the practice in the past, it is noted that G. I file 3-93 was gone thro' in view to find precedents, if any, of cases in which the claims of temporary men for confirmation have been overlooked & new men entertained in preference to men already in service. The only instance come across is that of Mr Cf. Dear Mr Macdonochie

B With reference to your D.O. of the 18th instant on the subject of appointments of Sub-Assistant Surgeons, I submit herewith a statement and an office note, which furnish all the information available in regard to the points referred to in your D.O.

q.

D

With reference to the query whether it has been the invariable custom to confirm temporary men when not found incompetent, it will be seen from the note that there have been no instances of the services of men entertained as "temporary" being dispensed with, although in one case a new man was appointed straight off as

Sub-Assistant Surgeon permanently when there were already a supernumerary and a temporary Sub-Assistant Surgeon, but these latter were also confirmed soon after.

As regards the Senior Surgeon's remark that "temporary men are never 'selected'", I would invite His Highness' attention to the fact that in the case of all the three temporary appointments made subsequent to the Government order of 16th November 1906, the Government, before sanctioning the appointments, ascertained by enquiry made of the Senior Surgeon that the candidates recommended were the best among those who had applied. In my opinion there is much to be said for the attitude of the Senior Surgeon in the matter. It is quite certain that without careful selection we shall not get the best men and it is clear that it is not possible to get the best men from those recruited in a hurry for temporary appointments. I observe that Messrs Manjandaya and Fernandes have been employed for over two years and I consider that regard should be had to their length of service and that they should be confirmed. None of the other men have been employed for very long and I do not think that they will have any substantial grievance if they are not confirmed. For the remaining vacancies I would ask

56. *Submitted to His Highness.*

As directed in the order of the 6th February 1909 on this file, the Senior Surgeon was asked to submit revised proposals for filling up the vacancies in the grade of Sub Assistant Surgeons, Permanent and Temporary. Revised proposals^x have now been received, and the Councillors are of opinion that they may be sanctioned.

2. In the first place the proposals for sanction in regard to the vacancies in the Assistant Surgeon's grade are the following:-

- 1) Mr. A. Seshagiri Row, Acting Assistant Surgeon, 4th class to be confirmed in that class.
- 2) Mr. S.K. Hanumanta Row } Sub Assistant Surgeons, 1st class to
and } be promoted to Assistant Surgeons, 4th
- 3) Mr. T.S. Siddappa } class.

There has never been a difference of opinion in regard to these which may therefore be sanctioned with retrospective effect.

3. In the next place in regard to the vacancies in the Sub Assistant Surgeon's grade, the three sets of proposals from Colonel Smyth may be tabulated

as follows for comprehension at a glance:-

A cross (x) in the table denotes "recommended".

	1st proposal.	2nd proposal.	3rd proposal.
<u>5 Temporary men</u>			
N.S. Nanjundayya	0	x	x
F. Fernandes	x ^p	x	x
S. Narayen Row	x ^p	x	x
✓ B.Krishna Murti Row	x	x	x
Kuruvilla	0	x	0
<u>4 Stipendiary students</u>			
Srinivas Chetty			
✓ Balakrishna Modaly	x ^p	x	x
✓ Iswara Murti	x	0	x
✓ B. Nanjappa	x ^p	x	x
<u>1 Applicant in response to advertisement</u>			
Joseph	x ^p	0	0

4. The first proposal was based upon a high (but not too high or impracticable) standard of efficiency aimed at in the best interests of the sick people whom these officers will have to attend to. The two subsequent proposals are compromises which, while securing an average mediocrity for the service of the sick, satisfy personal considerations and local aspirations of the candidates for employment in the State Service. The third alternative is specially open to the criticism that the Mysore Government

advertised for candidates but paid no heed to the applications received in answer. There are some very good men among these applicants. Col. Smyth regrets that Mr. Joseph specially selected by him is no longer available; but it need not be an irreparable loss if candidate No.13 Lakshmana Iyer could be selected instead. Such special selections are required to leaven (some would even say stiffen) the service with promising recruits who may in course of time rise to the highest posts in the Department.

5. The present viz the third of the proposals above tabulated has met with the approval of the Councillors and I do not wish still to stand in the way of its being sanctioned by His Highness the Maharaja.

Revised proposals for the filling up

Order.

The proposals are ^{approved} as regards Assistant
Surgeon's appointments. In regard to the
Sub Assistant Surgeon's grade I agree with
the Dewan that in filling up these vacan-
cies in the Medical Service one special
selection, at least, should be made from
among the candidates who have applied
in answer to our advertisement. The claims
of temporary men and Stipendiary students
will be reasonably satisfied by providing
three appointments for each. In accordance
with this view I approve of the first pro-
posal tabulated in the Dewan's note. Col
Smyth may be advised to make another se-
lection in place of Mr. Joseph preferably
of candidate No. 13 Lakshmana Iyer.

Draft libt'd as directed. It is based on the data detailed below:—

- (1) Mr. Balpu was transferred to B.H.D in Aug'07 and Mr. C. G. Hanuman Singh was promoted to the grade of Civil Surgeon from 14.7.08. The promotions of Messrs Hanumanth Rao & Siddappa have to take effect ^{from date} subsequent to the date of appointment of their Senior Mr. A. Seshagiri Rao as Asst Surgeon on 23rd April'08. It is proposed in the draft therefore that the promotions of Messrs Hanumanth Rao & Siddappa may be given effect to from 14.7.08 the date of Mr. Hanuman Singh's promotion to Civil Surgeon's ^{grade} ~~rank~~.
 - (2) In allotting 3 places for temporary men & 3 for stipended students as directed by His Highness and in distributing among them the existing 5 permanent & 2 temporary vacancies in the grade of Sub Asst Surgeons, the recommendation of the Senior Surgeon contained in his letter of 5.9.08 (82 no 1) has been followed and Mr. Krishnamurthi Rao is accordingly proposed to be continued as a temporary Sub Asst Surgeon, ~~the same~~ ^{remaining}.
 - (3) It is presumed that this vacancy to be kept open to Lakshmana Iyer or other candidate to be appointed hereafter is to be a permanent one.
- 59 Attention is also ^{respectfully} invited to the fact that Mr. N. S. Nayandiah who has put in about 3 years' service & ~~now~~ ^{is} with reference to whom His Highness

2. The order is not definite

Mudaliar, Nanjappa and Joseph to the permanent vacancies and Messrs. Krishnamurti Rao and Iyengar Murtli to the temporary vacancies. The order drafted is in accordance therewith, Mr. Joseph's name being omitted. It is perhaps intended to give the permanent place to the candidate whom the Senior Surgeon will propose in place of Mr. Joseph. The question however is left open and the Senior Surgeon may send up such recommendation as he considers fit as to who should be appointed to the permanent vacancy.

3. ~~Now~~ I am given to understand that Mr. Nanjappa has now passed the ~~final~~ M.-B. Ex. ²/₂. Mr. Balakrishna Mudaliar does not seem to have qualified himself for the M.-B. ~~vacancy~~. In the submission note to His Highness or the orders passed, there is nothing said as to these

Sir, I beg to bring my misfortune to your kind notice, with the belief that it will engage the careful attention, & enable me to get full justice at the hands:-

I (1) I have been a Temporary Sub. Asst. Surgeon for the last 2 years and 9 months, and served at (a) Victoria Hospital (b) Chickmagalur (c) Shimoga (d) Mysore District (e) Durheim Service Regiment, during this short time; my service can be kindly compared with that of any other Temporary S. Asst. Surgeon in this respect.

II I have been strongly recommended by Major R. H. E. Maf, both by a personal note and a testimonial.

P. T. O

III I also hold a testimonial ⁴⁷ ~~from~~ Captain Kirk Patrick. I have been well spoken off by several officers under whom I have served.

IV under the above circumstances I am very sorry to hear that I am not to be confirmed, and that some people jump above me, after all the hard work I have done for the last 2 3/4 years without taking any leave.

V I fully trust there is a all-mighty Father in Heaven who will listen unto my prayers and cause Divine wisdom blow unto thee so as to enable you to redress the grievances of a

of a misery stricken soul

In conclusion I pray for
justice and shall submit
to whatever judgment
You shall be pleased
to pronounce upon me

Sir, I beg to inform you that- There are 7 vacancies in the medical Department & There are 5 Temporary Sub. asst. Surgeons including myself to be confirmed

If all the temporary men now in service are confirmed there still remain 2 places for new applicants

with reference to Col. Smith's advertisement for new applicants I beg to inform you, that all the applicants have been informed through endorsement, that there are no vacancies in the Department and I have seen the endorsement myself.

under the above circumstances I beg to bring to your kind notice that all the temporary men already in service can not only be confirmed, but there yet will remain 2 places to meet the new applications

Dear Sir,
To J. Ananda Rao Esq B.A.
Bawan Sahib

I beg to bring to your kind notice that orders have been passed so as to deprive me of my appointment. I don't know to what to attribute this misfortune. You were kind enough to tell me last Wednesday, that I am just assumed that I would be continued if not now, some time hence. Now I am at a loss to understand why they want to discontinue my services after a long labour of 3 years, consisting of 365 working days for me. I beg to state that great injustice is done to me without my understanding for what are made to suffer all this. I fervently pray to you to please look into my case and do me what justice you can.

Sir

I beg to inform you that Mr. Laxmana Iyer has declined to take up Mysore Service. I beg that my claims may be considered now since I have already put in three years service and served at many places. Service in the medical department means sir, 365 days hard work in the year and I pray you not to throw me out after working for 3 years. My sole ambition is to serve His Highness as my forefathers did before me and as my uncle is now doing in the palace department.

I beg you to be pleased to consider my case fully and give me the earliest opportunity.

I beg to be sir,

Your most obedient servant.

My dear Sir,

I herewith return the file regarding confirmations and appointments of Sub Assistant Surgeons.

2. I wrote to Col. Smyth demi-officially on the 18th instant stating the view I had taken in my submission note of the 16th instant to His Highness and asking for his further remarks. I pointed out that his first proposal which was finally sanctioned by Government involved the dispensing with of the services of two Temporary Sub Assistant Surgeons who had taken the L.M. & S. degree and one of whom Mr. N.S. Nanjundaiya had put in a service of nearly three years in the Medical Department and that it was only on the understanding that Mr. Balakrishna Mudaliar who was also only an L.M. & S., would take the higher (M.B. & C.S.) degree that he, although a fresh man, was preferred to the men holding temporary appointments. As it is now learnt that he cannot obtain the M.B. degree, I asked what there was to prevent Mr. Nanjundaiya being preferred for the permanent appointment.

3. In his reply dated 21st instant, Col. Smyth says that "he entirely sympathises with my view" about Mr. Nanjundaiya, though

though "he thinks it is a great risk". He adds "when Armugam has told me he is unreliable the chances are that he is really so. However, perhaps the risk may be taken". He has also sent me the file about Mr. Nanjundaiya containing the confidential reports about that officer, apparently to enable me to see the papers and judge for myself.

4. The first confidential report is that of Mr. K.H. Appiah, Civil Surgeon, Chikmagalur, and is very unfavourable. The next is that of Dr. Armugam Mudaliar, but relates to an earlier period (from 10th August 1906 the date of his appointment to 9th September 1906, the date when he was relieved at the Victoria Hospital for being sent to Chikmagalur) and is also unfavourable. Dr. Armugam Mudaliar says "Mr. N.S. Nanjundaiya was in the Victoria Hospital for a very short period; during this period he behaved like a man with much 'wind' in his head and I found him rather sharp in finding excuses for not doing his work and unreliable". Mr. Nanjundaiya was again in the Victoria Hospital from the 4th to the 18th November 1907. As regards his work during this period, Dr. Armugam Mudaliar says "Period of service too short to form any opinion". From the Victoria Hospital Mr. Nanjundaiya was posted to the Shimoga District, and in the confidential reports for the half year ending December 1907 (Mr. Nanjundaiya was in Shimoga for about 1½ months during

during this half year) and for the half year ending 30th June 1908 Dr. Usman reports that Mr. Nanjundaiya was "doing good work". The last report, that of Dr. Krishnaswami Iyer, is that Mr. Nanjundaiya's services are "approved".

5. It will be seen that the later reports, especially Dr. Usman's, are quite satisfactory. We all know that Dr. Usman and Dr. Krishnaswami Iyer are quite as competent judges as Dr. Arumugam. While as regards the diagnosis of the latter, viz. "wind in the head", this I think is not an incurable disease or a ~~permanent~~ ^{fatal} disqualification.

6. I re-submit the matter for His Highness' orders. A copy of my D.O. letter to Col. Smyth, his reply and his office ^X file are also herewith sent.

Yours Sincerely
Sd) T. Anandakow.

to call for urgent correctives. My only hope lies in attaching him to a place where he can get little or no leisure and where his work can be supervised closely and without intermission. The Victoria Hospital is the only institution wherein such conditions exist; and in his interests as well as those of the Medical Department and the public I strongly recommend that this measure may be tried as early as possible."

The Medical Officer, Victoria Hospital, Bangalore, certifies as -

(found) "N.S. Nanjundiah was in the Victoria Hospital for a very short period, during this period he behaved like a man with much "wind" in his head and I found him rather sharp in finding excuses for not doing his work and unreliable."

Submitted to His Highness

83

I resubmit the file regarding the filling up of certain vacancies in the Assistant and Sub - Assistant Surgeons grades, received back with His Highness' order dated 21st May 1909. The Senior Surgeon's first proposal which has been approved by His Highness in the above order includes a recommendation to appoint Messrs. Balakrishna Mudaliar and B.Nanjappa as Sub-Assistant Surgeons, 3rd class, permanent, "on the clear understanding that they shall pass the M.B. within a year". It was reported that both these men had read for the M.B. & C.M. degree, but having fallen short of the M.B. Standard they got only the L.& M.S. degree and intended to go up for the M.B. again in another year.

2. Orders having been issued regarding the appointment of these two men, subject to the condition proposed by the Senior Surgeon, it is now reported by Col. Smyth that what he had stated about Mr. Balakrishna Mudaliar was incorrect and that he has since learnt that he (Mr. Balakrishna Mudaliar) had all along

along read for the L. & M.S. degree and that as he has taken only the L.M.S. course it is not possible for him to pass the M.B.

for H.H. of office 24.12.12.

3. In these circumstances the First Councillor proposes that Mr. Balakrishna Mudaliar may be appointed permanently without any conditions. It may be noted that Mr. B. Nanjappa has passed the M.B. Examination held in April last.

4. The Senior Surgeon's first proposal which *Chand* ~~has now been~~ sanctioned involves the dispensing with of the services of two Temporary Sub-Assistant Surgeons who have taken the L.M. & S. degree. One of these, Mr. N.S. Nanjundiah, has put in a service of nearly three years. It was only on the understanding that Mr. Balakrishna Mudaliar would take the higher degree that he was proposed to be appointed permanent Sub-Assistant Surgeon in preference to the men who are already holding temporary appointments. As it is now learnt that he cannot take the M.B. degree, I recommend that in his stead Mr. N.S. Nanjundiah who has been satisfactorily reported upon by Mr. Mahomed Oosman under whom he served in the Shimoga District, may be preferred and appointed permanent Sub-Assistant Surgeon. Nanjundiah's three petitions addressed to

30th June 1909.

Dear Sir,

In returning the file forwarded
with your D.O. No. ¹¹⁸188 of 26th JUNE, I
write to say that H.H. the Maharaja
considers that Nanjundayya's claims
cannot be passed over, but as the re-
ports on his conduct and qualifica-
tions are not altogether satisfactory
he may be appointed as Sub Assistant
Surgeon on one year's probation. He
should be distinctly told that his
confirmation will depend on his be-
ing favourably reported on by the

Senior Surgeon at the end of the
year.

Yours sincerely,

Letter no G/127-77-09 from the Senior Surgeon
Recommends ~~that~~ in continuation of his letter

remaining two ^{temporary} vacancies in the grade of
Sub Asst Surgeons, subject to the proviso
that a permanent ~~and~~ appointment will be
guaranteed to Mr Kuruvilla only if he passes
a satisfactory examⁿ in Canarese within
the next 12 months; suggests also that all
candidates not knowing Canarese, entertained
in the Mysore med^l Service be required
to pass an examⁿ in Canarese.

97 The Senior Surgeon's suggestion re: the examⁿ
in Canarese may, if app^d, be separately
considered. The examination in Kanada required
in the case of Sanitary officers is under consideration.

From the notes in the linked file, it
will be seen that the 4 permanent vacancies
and ~~two~~ temporary vacancies in the grade of
Sub Asst Surgeons, ^{having been already disposed of} there has remained
but one permanent vacancy for which
the Senior Surgeon has recommended Mr.
Balakrishna med^l.

98 He now recommends again that Mr

given the two temporary vacancies in the
grade of Sub Asst Surgeons. The former has

already been directed to be continued as a temporary Sub Asst Surgeon (vide para 5 of G.O no: $\frac{12435-6}{22076-08-6}$ of 10.6.09). While for the remaining one temporary vacancy Mr. J. Sivarana Murthi's appointment as a temporary Sub Asst Surgeon has already been ordered. (vide para 3 of G.O of 10.6.09)

106

The first proposal of the Senior Surgeon for filling up the 5 permanent and 2 temporary vacancies in the grade of Sub-Assistant Surgeons was made so long ago as 5th September last and since then, so much correspondence has taken place and the proposal has undergone so many modifications that a recapitulation of the facts will not be considered superfluous.

2. According to the first proposal, two of the acting men (Messrs. Fernandez and Narayan Rao) and 3 fresh men (Joseph, Balakrishna Mudaliar & Nanjappa) were to get the permanent places; one acting man (Mr. Krishnamurthi) and one fresh man (Iswaremurthi) were to get the two temporary vacancies, two acting men (Messrs. Nanjundaiya and Kuruvela) being thrown out. My views on this proposal, concurred in by the late Dewan, were embodied in this office letter No. 3972, dated the 30th October 1908. It was therein pointed out to the Senior Surgeon that his proposal affected 3 of the men already acting (two of whom, moreover, were proposed to be completely thrown out); that fresh

could not
fresh candidates ~~cannot~~ reasonably expect to get permanent places until the men already in service were either confirmed or found incompetent and that Government were prepared to await fresh recommendations in their behalf after such further experience of their work as the Senior Surgeon might think necessary. As regards selection from among new men his attention was invited to G. O. dated 17th July 1907 and he was requested to recommend any two of the 3 State stipendiary students already proposed by him.

3. Accordingly, in his letter dated the 7th November 1908, the Senior Surgeon (not without some protest) recommended the confirmation of all the five acting men and the appointment of Balakrishna Mudaliar and Nanjappa (both new men) to the two temporary vacancies. His chief contention was that anything like "selection" was not possible in temporary arrangements. The proposal was accepted by me and agreed to by the late Dewan (vide Submission note, page 20 of the office note para 28.) It was also explained in para 29 of the

Serial
No.

same note that the intention of the two previous
orders (dated 16th November 1906 and 17th July
1907) was that even in filling up temporary vacan-
cies the best men should be secured (by adver-
tising) as these would, in the usual course, have
to be appointed to the permanent vacancies, and
that preference should be given to the men trained
for the profession at the expense of the State.
On this, His Highness was pleased to order that
there was much to be said for the attitude of the
Senior Surgeon, that it was not possible to get
the best men from those recruited in a hurry for
temporary appointments, that, of the temporary men
Messrs. Nanjundaiya and Fernandez should be con-
firmed, having regard to their over two year's
service, and that for the remaining vacancies
selection should be made by the Senior Surgeon,
preference being given (where other things were
equal) to Mysore stipended students. G. O. dated
13th February 1909 was accordingly issued.

4. It must be observed that the above order
left the Senior Surgeon free to make such selec-

tion as he thought best from the acting men and fresh applicants, the latter of whom included State stipendiaries. The Senior Surgeon's third proposal was made in his letter dated 19th March 1909, according to which only one of the acting men (Mr. Kuruvella) was proposed to be thrown out, and three new applicants (Balakrishna Mudaliar, Nanjappa and Iswaramurthi) all stipended students taken on. This proposal was agreed to by both

the Councillors. His Highness was, however, in accordance with the views of the Dewan, pleased to accept the recommendation made in the

Senior Surgeon's first letter (dated September 5th,

1908) with the modification that one Lakshmana

Iyer should take the place of Joseph who was reported to have accepted service under the British

Government. Accordingly, in G. O. dated 10th

June 1909, the confirmation of Messrs. Fernandez

and Narayana Rao, the conditional appointment of

Balakrishna Mudaliar and Nanjappa to two perma-

nent places, the continuance of Mr. Krishnamurthi

Rao in his temporary place and the appointment

of Iswaramurthi to the other temporary place were

ordered, one permanent place being kept open for one of the candidates who applied in response to the Senior Surgeon's advertisement, preferably Mr. Lakshmana Iyer, candidate No. 13 in the list.

5. The conditional appointment of Balakrishna Mudaliar did not satisfy the Senior Surgeon who, in his D. O. dated 12th June 1909, reported that this candidate was not eligible to appear for the M. B. Degree but that he still preferred to take him on account of the many distinctions acquired by him at the College. Meanwhile Mr. Nanjundaiya (one of the acting men proposed to be thrown out), began to press for a favourable consideration of his hard case. The Senior Surgeon was asked what there was to prevent Nanjundaiya being appointed to the permanent vacancy instead of Balakrishna Mudaliar who had been originally accepted only on the understanding of his taking the higher degree in Medicine. In reply the Senior Surgeon wrote to say that although he thought it to be a great risk to take on Nanjundaiya, the risk might be run. He also asked for permission to fill the remaining vacancy

vacancy by a local man (meaning Balakrishnan) as he thought Lakshmana Iyer was not available owing to his having taken up service in Travancore. The case was then submitted to His Highness for the third time. His Highness was pleased to order [⊗] that Nanjundaiya's claims cannot be passed over but that he should be distinctly told that his confirmation would depend on his being favourably reported upon by the Senior Surgeon.

[⊗]
G. O. dated 3rd July was thereupon issued directing the appointment of Nanjundaiya to the permanent vacancy originally proposed to be given to Balakrishna Mudaliar.

6. It may be observed here that both in the G. O. of 10th June and that of 3rd July one place is intended for one of the candidates "who have applied in response to the Senior Surgeon's advertisement" as distinguished from "the State stipendiaries" although, as a matter of fact, the latter have also applied in answer to the advertisement and therefore come under the former class. This point seems to have been overlooked.

7. In letter dated 5th July 1909 (paper under disposal) the Senior Surgeon again represents that even after giving a permanent place to Nanjundaiya, there remains another permanent place which should be given to Balakrishna Mudaliar whom he considers an eligible recruit likely to turn out a good officer, since Lakshmana Iyer is not available. In other words he would like to have his third proposal (agreed to by both the Councillors) sanctioned, the only alteration being that Nanjappa (who has since taken the M.B. Degree) takes the permanent vacancy and Krishna murthi Rao remains temporary. Balakrishna Mudaliar has been strongly recommended in every proposal of the Senior Surgeon. It may also be mentioned that he happens to be the son of Mr. Rajagopala Mudaliar of the Bangalore District Treasury, who died a few days ago after a long and faithful service of nearly 35 years. Though only a L.M. & S he is reported to have gained many distinctions at College. He is a State stipendiary student and knows Kanarese. His appointment to the remaining

Serial
No.

permanent vacancy may therefore be approved.

8. In the office note it is mentioned that the Senior Surgeon has sent another letter on the 7th instant proposing Mr. Kuruvella for one of the temporary vacancies, evidently in modification of his former proposal in favor of Iswaramurthi. The office has invited his attention to G. O. dated 10th June in which both the temporary places have been disposed of and asked him to show how he makes ~~NA~~ out that there is a temporary place for Mr. Kuruvella. A reply is due to this. Should the Senior Surgeon say that he has, on reconsideration, thought fit to prefer Mr. Kuruvella (who has already rendered some approved service) to Iswaramurthi (a fresh candidate), then, what may be called his fifth proposal will be seen to be the same as his second proposal (vide Statement put up.) This brings the case back to what it was in November 1908 and virtually renders all the subsequent correspondence a mere waste of valuable time.

9. Sanction may, however, be accorded to
the

the appointment of Balakrishna Mudaliar to the
only remaining permanent vacancy, as this is
quite independent of the other reference about
retaining Mr. Kuruvella, which will be disposed
of on receipt of the Senior Surgeon's reply to
this office letter dated 10th July 1909.

Q //2. I resubmit the file regarding the appointment of Sub-Assistant Surgeons. The Senior Surgeon, having been informed that Mr. N.S. Nanjundaiah should be given the permanent place originally intended for Mr. Balakrishna Mudaliar, has now reported that neither of the two approved outside candidates who applied in response to his advertisement are available and that there are therefore vacancies for both Mr. Balakrishna Mudaliar and Mr. Nanjundaiah. Accordingly he proposes in his letter No.G.9 dated 3/5th July 1909 that the 5 permanent appointments of Sub-Assistant Surgeons should be given to -

Mr. F. Fernandes
Mr.S. Narayana Rao
Mr.B. Nanjappa
Mr. Balakrishna Mudaliar
and Mr.N.S. Nanjundaiah.

2. In a further communication No.G.12 dated 7th July 1909 the Senior Surgeon has proposed that the two temporary appointments may be given to -

Mr. K. Kuruvilla
and Mr. B. Krishna Murti Rao.

3. Mr. Balakrishna Mudaliar, though only an

And as regards Mr. Kuruvilla who was originally proposed to be dispensed with, but who is now proposed to be kept on. the Senior Surgeon reports that he "has not passed through the College without distinction and seems a man likely to do credit to the service", but he recommends that "guarantee of permanent appointment be offered to him only on condition that he passes a satisfactory examination in Kanarese within the next twelve months".

4. In these circumstances, I recommend that the proposals contained in the Senior Surgeon's letters No.G.9 and G.12 may be sanctioned, but with one modification, viz. that, in the order of names as given by the Senior Surgeon, Mr. Balakrishna Mudaliar may be placed next after, instead of next before Mr. Nanjundiah. To

T. Ananda Row Esqr., B.A.,

Dewan of Mysore.

Sir,

As Government have issued orders directing the appointment of certain new medical graduates to the existing permanent and temporary vacancies in the Sub Assistant Surgeon's grade, and dispensing with my services, I beg to take the liberty of representing the following facts for your kind consideration.

2. In April 1908 I was gazetted as a Sub Assistant Surgeon, 3rd class, temporary, and I joined duty on the 25th May 1908. I have now served the Mysore Medical Department for over 13 months, during 10 months out of which I have been in independent charge of the important Local Fund Dispensary of Nanjangud. I have been trying to do my duty conscientiously and to the best of my ability, and I feel confident that the Senior Surgeon, Col. Smyth, who inspected the Dispensary twice and the Civil Surgeon Dr. Krishnaswami Iyer who inspected it once when I was in charge of it, were both satisfied with my work. In these circumstances I do not understand why the Government has decided to dispense with my services in favour of new men.

3. The only ground for this action on the part of Government that I can see is that my appointment is temporary and that the Government have the right to dispense with the services of temporary men. I am well aware that Government have the right to dispense with the services of

any of its servants whether permanent or temporary if they choose to do so. But I believe I am right in saying that this is never done without sufficient grounds such as the appointment itself being abolished or the officer proving incompetent. In the Medical Department, many of the officers were first appointed temporary, and there has been no instance in which the services of any of the temporary men were dispensed with. I had therefore no reason to think but that the temporary appointments were always made with a view to eventual confirmation if the officer's services are approved and on the occurrence of permanent vacancies. If it were not so I should never have accepted temporary service in the Mysore State. No temporary appointments were advertised and I never applied for one. In April 1907 soon after I took my degree, I applied to the Senior Surgeon for an appointment in the Medical Department and the reply that I got was a copy of the Notification appointing me as a Temporary Sub-Assistant Surgeon without ^{any} intimation that it was likely to be terminated. As a matter of fact the vacancy to which I was appointed was not a temporary one. The Gazette Notification distinctly stated that it was in consequence of the appointment of Dr. Achyuta Rao as Superintendent of the Bangalore Central Jail. This was known to be a vacancy that would become permanent and indeed it did become permanent from the 1st May 1908, that is 24 days before I took up the appointment. You may be thus pleased to see that I had every reason to expect that my appointment would be confirmed in due course, provided only that I have satisfaction in my work. If it were not so, Sir, I ask you to consider whether it is likely that I would have given up the appointment which I was then holding, viz. that of a Special Officer for Inoculation at Calicut on Rs. 250, for one carrying less than one-third of the salary?

4 When I entered the Mysore service my age was 27 years and 8 months. I am now very nearly 29. If I am now sent away, no other Government will give me any employment as I have passed the age of 28 years. Besides being sent away in this manner, after a service of over a year, by a responsible and sympathetic Government like that of Mysore will involve a stigma which it will ever after be practically impossible to remove. Both before and after I entered the Mysore service, I had opportunities for appearing for the competitive examination for admission into the Madras Medical Department. But I did not appear for them as I never even dreamt that my services would be dispensed with. Many of those who passed with me or in the succeeding year, some of whom had not even the same college distinctions as I have, have secured places in the Madras Medical Department on a salary of Rs 130. I should have had no difficulty in securing a similar place in the Madras Service, but on account of certain considerations I preferred to serve the Government of His Highness the Maharaja of Mysore. Now, I being over 28 years, I cannot sit for the Madras examination and if I am now sent away I shall be entirely cast adrift. The only thing I could think of doing is to start a private practice somewhere, and I feel some confidence that if I do so I shall not be unsuccessful, but I need hardly say that a private practice requires considerable capital, or about Rs. 1,000 or Rs. 1,500 at the least, and I do not possess and cannot in any way get such a large sum. The small pay I have been receiving in the Mysore service has been barely sufficient for my maintenance, although if I had remained in my temporary appointment at Calicut I should in a few months have been able to save up a few hundred rupees. As it is, the little I was able to save up there had to be spent in travelling expenses to Mysore for myself and my family and bringing my baggage all the way from there.

5. I should have no right to consider myself ill-used if I was sent away because I was found inefficient and unfit for my work. But as I cannot believe that such is the case, I cannot help feeling that the Government would, in sending me away, be doing me a grievous wrong. I do not believe that the Government of His Highness the Maharaja of Mysore would deal in this manner if the facts are properly placed before them, and I have therefore taken the liberty of representing these facts to you. If there is any impropriety in having addressed you thus direct or if I have used any strong expressions I hope you will forgive it as coming from a man who considers himself unfairly treated.

I beg to remain

Sir,

Mysore,

Your most obedient servant.

Sir,

I have the honor to report that out of the 49 applicants who responded to my advertisements^o for candidates to fill certain vacancies in the Gazetted ranks of the Medical service on the usual terms I selected four viz Nos. 10, 13, 19 & 25. Of these only Nos 10, 13 & 19 have expressed their willingness to accept the offered posts one, an L.R.C.P & S, the other two Madras graduates (MB & CM).

2 In this connection I would recommend Mr. A. Seshagiri Rao at Sivasamudram be confirmed as 4th Class Assistant Surgeon from 23rd April 1908 the date of Gazette Notification No. 10708-Medl: 33-07-11 appointing him as Assistant Surgeon 4th Class temporary during Dr. P. S. Achyuta Rao's deputation as Superintendent of the Central Jail and 1st Class Sub Assistant Surgeons Messrs S.K. Hanumantha Rao M.B & C.M. and T.S. Siddappa L.M. & S the two seniors in the list be promoted to the grade of Assistant Surgeon 4th class

2

to fill in the vacancies caused by the promotion of Mr. C.G. Hanumaunsingh and transfer of Mr. P. Palpu to the Public Health Department.

3. Besides those referred to in para 1 four stipended students have applied - There are moreover five men now temporarily employed.

4. We have therefore eleven candidates from whom to select five permanent hands and two temporary ones - Vide statement of vacancies A.

5. For the permanent ones, I recommend :-

N.B. (1) Mr. P. Fernandes L.R.C.P. & S (Edinburgh)
& L.F.P & S (Glasgow) (He is overage -
vide my letter No. G.54 dated 20th July 08)
and studied medicine for 5 years in Bombay
and 10 months in Scotland)

M (2) Mr. S. Narain Rao M.B & C.M.

(3) Mr. C.K. Joseph M.B & C.M.

(4) Mr. T. Balakrishna Moodaliar L.M. & S

(5) Mr. B. Manjappa L.M. & S.

6 The two latter were stipended students and had scholarships to study for the M.B & C.M degree. They however both fell short of the M.B standard though both gained many distinctions at the college. They are not therefore bad students and both intend going up for the M.B at the next examination and will I doubt not, succeed and I re-

recommend them for appointment on the permanent strength on the clear understanding that they shall pass the M.B with-in a year.

7. For the two temporary hands, I recommend Mr. Krishnamurthy B.A, L.M. & S and Mr. J.A. Iswaramurthy. The former because although only L.M. & S, he is a B.A in physical science & has undergone a course in Bacteriology. He is also overage by about a year (on 15th instant he will be 29 years old). But the appointment is only temporary. However if Government objects on the *score of years* Mr. M.S. Nanjundiah may be appointed. He is an L.M. & S of Madras quite undistinguished in his college course, but is already on the temporary staff & well spoken of by Mr. Gosman under whom he has worked. The latter although only an L.M. & S is a B.A in physics which ought to be useful to him as a

Surgeon. *The list of applicants and the statement of reasons as called for in No. 1519-30/2nd 42-08-2 of 13.8.08 + No. 1796/2nd 22-08-02 of 21.8.08 are herewith submitted.*

To

The Senior Surgeon.

Sir,

With reference to your letter No. G.185, dated 5th September 1908, making certain proposals for filling up vacancies in the Gazetted ranks of the Medical Department, I am directed to state that the Government would be glad to have further ^{information} ~~explanation~~ on certain points which are not quite clear.

It is understood that there are five permanent and two temporary places in the grade of Sub Assistant Surgeons to be filled up. Of these 7 places, five are already held by the marginally noted officers who were from time to time taken on as Temporary Sub Assistant Surgeons and who should, in the usual course and unless found unworthy of confirmation, be absorbed in the permanent ~~strength~~.

- 1 Mr. N.S.Nanjundaiya;
- 2 Mr. F.Fernandes;
- 3 Mr. S.Narayana Rao;
- 4 Mr. B.Krishnamurthi Rao;
- 5 Mr. K.Kuruvella.

Your proposals, however, are to confirm only two out of the five acting officers, viz., Messrs. F. Fernandes and S. Narayana Rao and to appoint three new applicants for the remaining three permanent ~~places~~ vacancies. For the two temporary places, you

recommend

29/10/08
31/10/08

recommend the continuance of one of the temporary ~~new~~ Sub Asstt. Surgeons, (viz. either Mr. Krishnamurthi Rao or Mr. Nanjundaiya) and the appointment of another new applicant, Mr. J.A. Iswaramurti. The result is that two men already in the service are to be thrown out.

I am to observe that sufficient reasons have not been assigned as regards your proposal to take on the permanent strength 3 new candidates, viz., C.K. Joseph, T. Balakrishna Mudaliar and B. Nanjappa, two of whom, moreover, hold only the L.M. & S Degree, in preference to Messrs. Nanjundaiya, Krishnamurti Rao and Kuruvella, who are already in the service. Should you think that these latter do not deserve confirmation just yet, I am to inform you that the Government are prepared to await fresh recommendations in their behalf after you have had such further experience of them as you may think proper. But until these men are either confirmed or are declared incompetent, fresh candidates cannot reasonably have any chance of securing permanent places.

As regards your selections from among the new applicants, I am to invite your attention to G. O. No. 551/Med. F. 7 - 06, dated 17th July 1907 and to request you to recommend any two of the

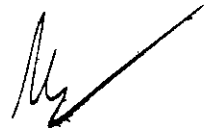

p. 6 in file Contd. of No. 5

9

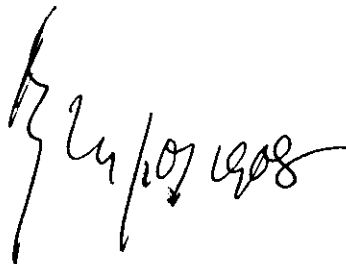

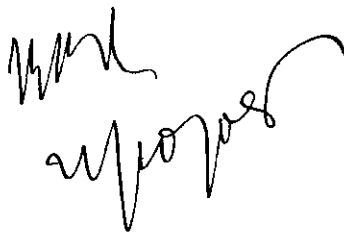

three applicants selected by you, viz.,
T. Balakrishna Mudaliar, S. Nanjappa and
J.A. Iswaramurti, who are all believed
to be natives of Mysore and had received
State scholarships.

I am to request the favour of an
early reply, on receipt of which final
orders on the subject will be passed by
Government.

Sir,

P X With reference to your No. 3772/Med. 76-08-2 dated 30th October 1908, I have the honor to say the recommendations made by me are made in accordance with the existing orders of Government, viz.- G.O. No. 4061-2/Med. 7-06-12 dated 16th November 1906 and No. 551/Med. 7-06-18 dated 17th July 1907. Your letter under reply however introduces quite a new element into the methods of selection - viz.- that permanent officers are to be selected from such temporary hands as may exist in the service when permanent vacancies occur, provided that they are not found incompetent.

While therefore I proceed to carry out as in duty bound the behests of His Highness' Government, it is also my duty respectfully to point out the danger that following such a course must entail. It has to be remembered that temporary hands are never 'selected'. The nature of things prevents "selection". For a temporary appointment we can never get a sufficient number of candidates to make anything like "selection" possible. So, for such appointments we have always to take just what we can get - and

such men are not as a rule at the tip-top of their profession. To saddle the Department with such men means simply loading it up with feeble mediocrity - men in whom we can have no confidence, devoid of education, ability and grit. We do not want to take on a man simply because he happens to be on our temporary list and appears not to be incompetent! We want the maximum and not the minimum of competence.

Having thus given an indication of what I conceive should be the principle underlying the selection of men for the permanent medical service, I proceed to make proposals in accordance with the views of His Highness' Government as set forth in your letter under reply:-

For the five permanent vacancies,-

Mr. M.S.Nanjundaiya, L.M. & S.,
Mr. F.Fernandes, L.R.C.P. sc., (Edin)&(Glas)

The delay in reply has been partly due, at any rate, to my difficulty in tracing Mr. Joseph, to see if he were still available. On 9-3-1909 I at last got a reply from him that he had taken service under the British Government.

- i. I have given State Pupils preference.
- ii. Amongst them I have given preference to Canarese speakers.
- iii. Amongst these I have given preference according to College and University distinctions.

Government Order No.12435-6/Med. 76-08-dated 10th June 1909, sanctioning, among other things, the appointment of Messrs. T. Balakrishna Mudaliar L.M. & S., and B. Nanjappa L.M. & S., as Sub-Assistant Surgeons, third class, permanent, subject to their passing the M.B. & C.M. Examination within one year as proposed by the Senior Surgeon, and observing that the services of Messrs. N.S.Nanjundiah L.M. & S. and K. Kuruvilla L. M. & S., will have to be dispensed with as soon as the newly appointed men join duty.

2. D.O. letter dated 12th June 1909 from the Senior Surgeon stating that he has since learned that Mr. T. Balakrishna Mudaliar has undergone only the L.M. & S. course and that it is therefore impossible for him to pass the M.B. & C.M. Examinations in one year.

Sir,

In Government Proceedings " 103-4/Med 76-08 dated
3rd July 1909 it is ordered that Mr. Nanjundiah be given the
place originally proposed to be given to Mr. Balakrishna Moodr.
I have, however, the honor to point out that there are vacancies
for both Mr. Balakrishna Moodaliar and Mr. Nanjundiah.

In Govt: Progs: No. 12435-6/Med 76-08-6 dated 10th
June 09 Govt: were pleased to order that a vacancy be given to
an outsider. I subsequently reported to Government that no out-
sider was available. It is this vacancy that is now available
for Mr. Nanjundiah as stated in my D.O. dated 12th June 1909 -
If Government are pleased to adopt these suggestions, the 5 per

Sir,

In continuation of my No.G.— 9 — dated 3/5-7-09 in which reference to the filling of the two temporary vacancies in the Sub Assistant Surgeon's grade was omitted, I have the honor to recommend that Mr. Kuruvilla and Mr. Krishnamurthy Rao be appointed to these vacancies. Mr. Kuruvilla has not passed through the College without distinction and seems a man likely to do credit to the service. But I would recommend that guarantee of permanent appointment be offered to him only on condition that he passes a satisfactory examination in Canarese within the next 12 months. The Deputy Commissioner of Mysore long ago drew my attention to the serious drawback this ignorance of the vernacular is to Mr. Kuruvilla. I have already recommended that all foreigners engaged in the Sanitary Department be obliged to pass an examination in Canarese, and I would now request that the same be required of such candidates entering the Medical Department.

I consider this most essential, and it cannot be regarded in any way a hardship. I have had to pass in 3
vernaculars

vernaculars myself, and it is of even greater importance that officers entering the Mysore Medical Service should follow this course. Very seldom indeed are I.M.S. men without interpreters, whereas this must often be the case with men working in the Mysore Service. The standard should be not lower than what is known as the "Higher Standard" in British Service, the standard I myself passed in Tamil. This is not too high a standard to ask from young men whose vernacular is perhaps even more closely allied to Canaresse than English is, we shall say to French, and the Englishmen who could not pass a "higher standard" in French in a year would be considered to be of very poor ability indeed. Three hours work a day for a year is ample for the purpose I recommend.

Sir,

Your No. 402/Med. 76-08, dated, 10th July 1909.

---G---

With reference to the above, I have the honor to say that the question of filling the permanent and temporary vacancies in the list of gazetted officers has not yet been comprehensively dealt with in any Government Order, consequently I do not think that it can be said that any appointments have as yet been actually made. I am aware that Mr. Iswara Murti was named in Government Order No. 12435-6/Med. 76-08-6, dated, 10th June 1909, for a temporary Sub Assistant Surgeon's post, but various considerations have altered the situation since then, and I certainly think Mr. Krishnamurthy Rao who is already in the service and who, though far from brilliant is a better man than Mr. Iswara Murti, should get one of the temporary vacancies. The other vacancy in the temporary appointment, as I have recommended in my letter No. 4. /2 dated 7-7-09 should go to Mr. Kuruvilla on the condition that his services will be dispensed with if he does not pass a
